## Help Healthy Kansas 2020!

Kansas is one of 12 states that has been funded to evaluate the framework of Healthy People 2020 for its utility in defining a Healthy Kansans 2020 plan. They are currently reviewing progress on Healthy Kansans 2010, reviewing Kansas health data and population trends, and exploring the Healthy People 2020 framework.

Your participation in the below opinion survey will provide input to Kansas leaders as they move forward in working with you, the Kansas African American Affairs Commission and other state partners in selecting priorities for the next ten years and developing a Healthy Kansans 2020 plan.

Pushing control and clicking the following links will take you to the survey as well as the facebook and twitter pages.
